

PUBLIC MEETING

**Wednesday, March 1st at 7:00PM
in the Port Costa Schoolhouse**

Join us to learn more about the current environmental condition of the Big Bull Valley Watershed and the BVAC reservoir.

We'll hear a presentation from Brent Bucknum of Hyphae Design Laboratory and Troy Rahmig of ICF about the results of their initial environmental surveys of the watershed. Learn how these insights will help inform restorative efforts on the site.

**On Wednesday, March 1st at 7:00PM
we will hold a public meeting in the Schoolhouse
to provide an overview of and explain more about this process.**
